Since 1978

"I have been to at least 10 Symposia Medicus conferences over the years and I always enjoy them – my favorite form of CME. I especially enjoy the format of half-days sessions, giving one time to enjoy the location..."

-A. M. Pichanick, MD

"I truly believe Symposia Medicus delivers the most comprehensive, contemporary, and timely information in the most effective way with the best presenters; as compared to other conference providers. I only go to their conferences."

-Rebecca Krueger, CNM

"Over the years I have attended 22 Symposia Medicus conferences. We are consistently presented with excellent topics, locations and speakers. The speakers are up-to-date and the topics are always pertinent and very practical. The conferences continue to help with changes in my practice over the years."

-John Leno, MD

CONFERENCE DESCRIPTION

Our **17th Annual Fall Conference on Issues in Women's Health** is designed to provide obstetricians and gynecologists, family physicians, internists, nurse midwives, nurse practitioners, physician assistants, nurses, and all other healthcare professionals with the most current clinical information in women's health. The primary goal of this conference is to enhance the knowledge and competence of attendees.

Conference topics have been selected based on extensive target audience needs assessment data including clinical expert input, current practice guidelines, past conference participant requests and our on-line needs assessment survey of health care providers in women's health.

An outstanding, multidisciplinary faculty has been assembled for this conference. Faculty members were selected based on their individual area of expertise, their willingness to address issues of current concern, and their accessibility to interact with participants.

This exciting conference will provide you with an opportunity to share current ideas with colleagues from across the country. Three morning sessions and an afternoon of Small Group Breakout sessions leave ample time for relaxing, enjoying family and friends, and exploring the **fabulous Atlantis Resort**.

CONFERENCE OBJECTIVES

At the conclusion of this conference, you should be able to:

- Identify current guidelines for breast cancer screening & discuss treatment options for cancer during pregnancy;
- Discuss the influence of hormone therapy on malignancies;
- Cite current guidelines for Pap smear & HPV testing;
- Explain strategies for recognition & treatment of depression throughout a woman's life cycle;
- Better diagnose & manage common endocrine disorders such as thyroid problems & osteoporosis, & describe management of diabetes in and out of pregnancy;
- Discuss hypertensive crises during pregnancy; identify & manage heart disease in pregnancy, and recognize current referral guidelines.
- Cite treatment options for uterine fibroids;
- Enhance your knowledge for gentle GYN care of the young female patient;
- Discuss the guidelines for exercising during pregnancy.
