CONFERENCE DESCRIPTION

Taking place over the course of four days, our **25th Annual Summer Conference on Women's Health** is designed for OB/GYNs, family physicians, certified nurse midwives, nurse practitioners, physician associates, nurses, and all other healthcare professionals who care for female patients. Covering a wide array of topics such as menopause, nutrition, adolescent gynecology, breast & ovarian cancers, and fibroids, our expert faculty will discuss the latest evidence-based advancements in women's healthcare, present emerging clinical data, and provide skills and strategies for application and implementation into your practice. This educational activity aims to increase learner knowledge, improve the competence and performance of all attendees, and contribute to their ability to work together as part of a coordinated healthcare team.

Topics for this year's conference have been selected based on the educational needs underlying identified professional practice gaps. The gaps were derived from a variety of sources including evaluations and outcomes data from past participants, clinical expert input, Symposia Medicus' online survey, and other medical and nursing data such as current clinical guidelines, research findings, literature reviews, and patient safety considerations.

An outstanding faculty has been assembled for this conference. Each faculty member was selected based on their individual area of expertise and ability to communicate current, evidence-based, and practical information to participants.

The conference format includes didactic lectures, question and answer sessions, and case studies. Following a group of lectures, the question and answer sessions allow attendees to ask the faculty critical and challenging questions about caring for patients during various women's health situations.

CONFERENCE OBJECTIVES

As a result of participating in this conference, you should have increased knowledge and enhanced competence to...

- Determine when surgery is appropriate for patients with chronic pelvic pain
- Prescribe supplements, medications, and other non-surgical treatments to assist your female patients with osteoarthritis in returning to desired activity
- Diagnose hyperthyroidism and discuss available therapies
- Reduce sexual complications in menopause
- Identify and diagnose skin conditions unique to your female patients

ATTENDEE REQUIREMENTS

After attending this conference, participants are entitled to a certificate of credit which will be available online. Successful completion of this activity is determined by attending the live activity, reviewing the educational session materials, and submitting the case studies test, evaluations, surveys, and verification of attendance form. Each participant should only claim credit commensurate with the extent of their participation in the activity.

ACCREDITATION

This accredited continuing education activity was planned and produced in accordance with the **ACCME** and **ANCC** Standards for Integrity and Independence in Accredited Continuing Education.

 - **All cancellations must be emailed to registrar@symposiamedicus.org by the dates stated above**
 - In the unlikely event of conference cancellation by Symposia Medicus, full tuition and, if reservation was made with Symposia Medicus, hotel deposit refunds will be made. Symposia Medicus will not be responsible for refunding travel or any other expenses.

CONFERENCE LOCATION

The setting for our conference is the beautiful Big Sky Resort, nestled in the majestic Northwestern Rockies, just an hour drive from Bozeman, Montana.

Big Sky is host to a multitude of summer activities. Take a scenic chair-lift ride up Lone Mountain and experience wonderful hiking and mountain biking, enjoy an invigorating horseback ride, or take to the rivers for incredible fly fishing and whitewater rafting. Big Sky also offers an 18-hole golf course, as well as a number of tennis courts, all offering spectacular views of the surrounding mountains.

The resort's close proximity to **Yellowstone National Park** (the northwest border of the park is less than an hour away) is yet another element of Big Sky's appeal. Plan to spend time observing the nation's most impressive geysers and hot springs, including "Old Faithful Geyser," and be awestruck by the ever-present wildlife and majestic scenery in our country's first established National Park.

Big Sky Resort is a self-contained village with many restaurants from which to choose, as well as live evening entertainment and dancing. The resort has a giant heated indoor/outdoor swimming pool, full spa, and whirlpools to help soothe those aching muscles at the end of a busy day. A full range of shops are available in and around Big Sky Resort, offering everything from hiking supplies to fine art.

Whatever your pleasure, you'll be sure to find it in Big Sky, at our **25th Annual Summer Conference on Women's Health**.

For our complete calendar of conferences, please visit www.symposiamedicus.org. Brochures are available approximately 8 months prior to each conference.
